COLOR PALETTE

cool-neutral surfaces (chroma ≤ 0.01) • accent off #4679fa • semantic green / yellow / red

SURFACES

	bg window body / canvas	#0e1014
	surface panels, sidebar, cards	#161a21
	surface-2 headers, nav, inputs, status bar	#1b212b
	surface-3 row hover / selected	#222a36
	plot-bg chart plot interior	#0b0d11

LINES

	border hairline panel edge, h-grid, dividers	#262e3a
	border-strong emphasised divider, pill outline	#344150
	grid-v vertical chart gridline (quiet)	#1b212b

TEXT

	text primary values, headings, names	#e7eaf0
	text-2 secondary labels, table data	#9aa6b6
	text-3 muted: axis ticks, meta, captions	#616d7e

ACCENT (THEMEABLE)

	accent primary line, active nav, primary btn	#4679fa
	accent-2 hover, focus ring, jump links	#6e93fb
	accent-dim active nav fill, pill bg	14% α
	accent-line active nav border, dim ticks	32% α

SEMANTIC — STATUS

	green healthy • running	#3fb877
	yellow warning • elevated	#d8a134
	red critical • stopped	#e2563f

running

warning

critical

each pairs with a 16% α fill: green-dim / yellow-dim / red-dim

CATEGORICAL — PER-CORE & MULTI-SERIES

ICON SET

RULES

- Mono for everything numeric & tabular — tabular-nums keeps columns aligned.
- Sans only for titles/prose. Labels are uppercased mono, 0.06em tracking.
- Two weights max per family (400 / 500–600). No italics anywhere.

DESIGN SYSTEM **3 · Spacing · borders · geometry**

sidebar — expanded	178px
sidebar — compact	54px

DESIGN SYSTEM 4 • Components — panels, charts & tables

COMPONENTS — A

metric panel • chart container • table — exact structure used in the tabs

METRIC PANEL

surface • 1px border • r4 • 12px pad • label(mono 10.5 caps) + status dot 7px + value(mono 26) + sparkline + sub row

PANEL / CHART CONTAINER

header h34 surface-2 • title(mono 11 caps 0.06em) • right slot for legend/tools • body pad 12px

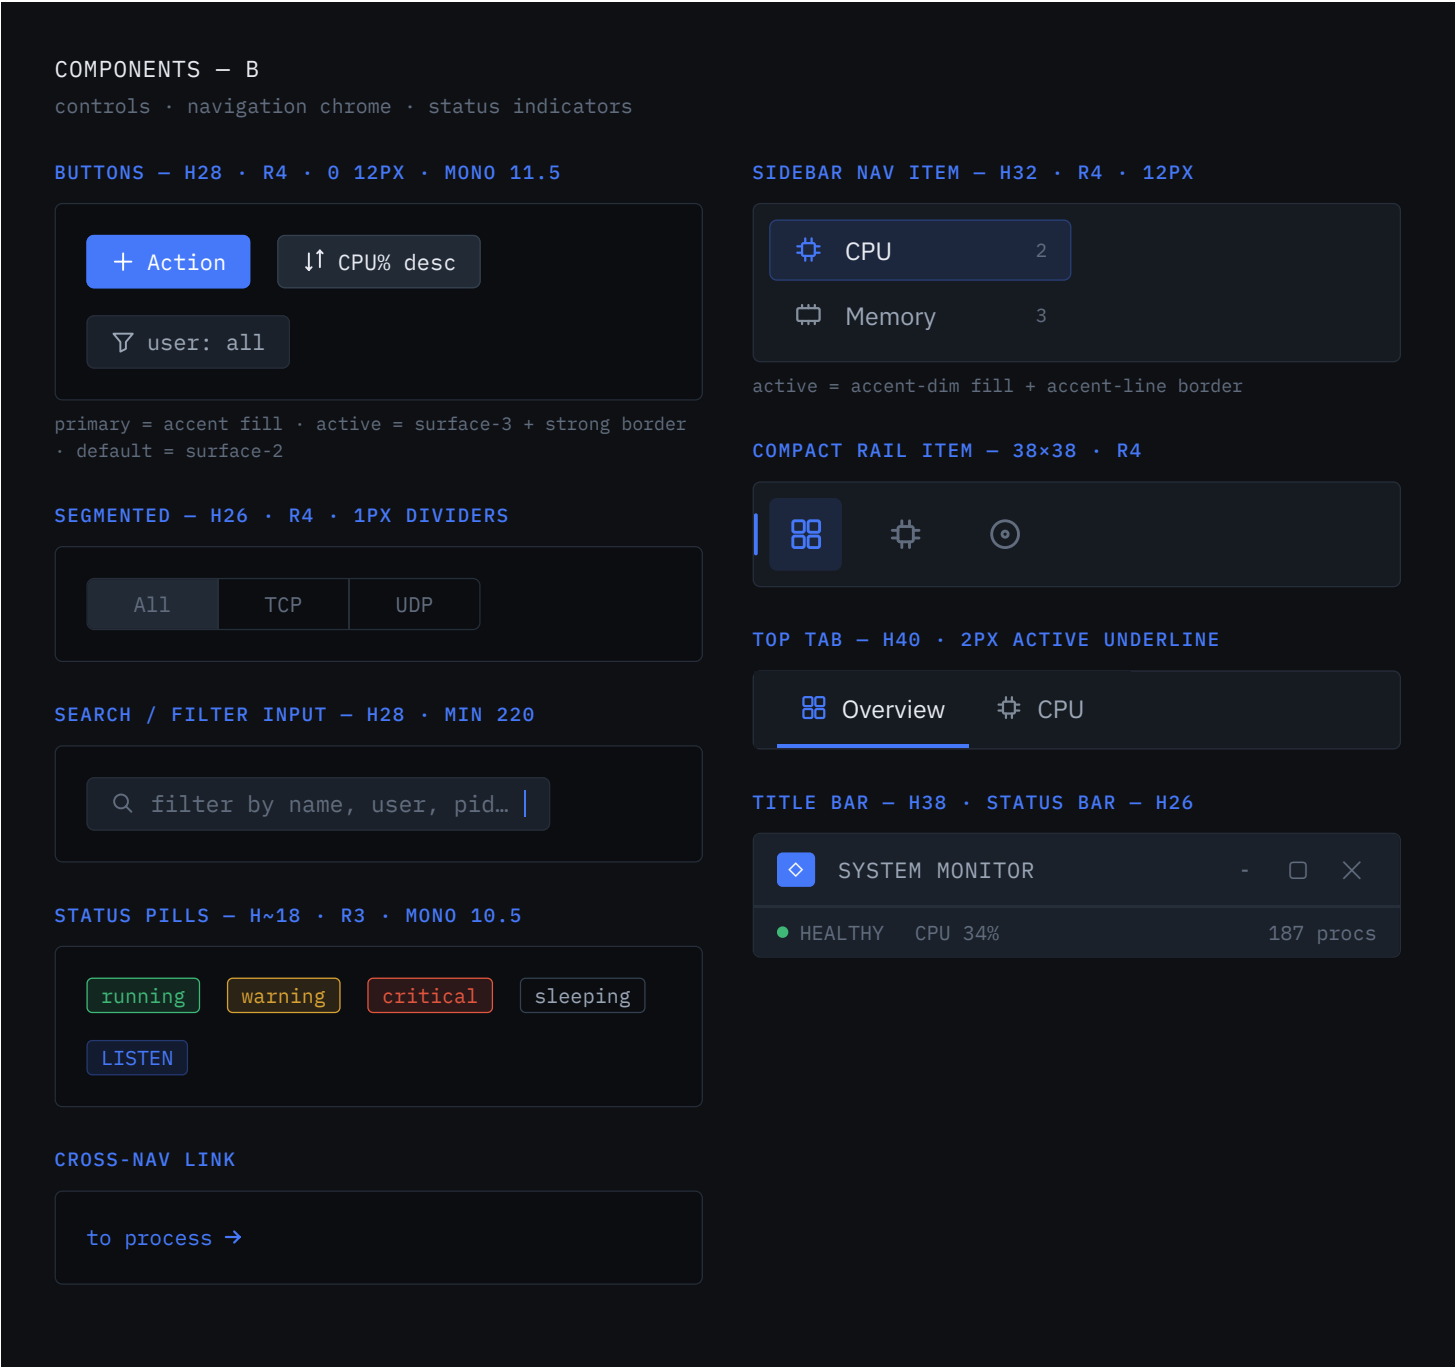

DATA TABLE

PID	PROCESS	CPU% ▾	MEM	STATUS
3412	chrome	42.1	1.8 G	running
540	postgres	8.0	412 M	sleeping

sticky header surface-2 mono 10.5 caps • rows 12px mono • hover surface-3 • numeric right + tnum • inline minibar 5px h, r2 • sort caret accent-2

minibar colour ramps by value — accent < 55% • yellow 55-80% • red ≥ 80%

DESIGN SYSTEM 5 • Components — controls, nav & chrome

DESIGN SYSTEM 6 • Chart language

CHART LANGUAGE

grid • axes • series weights • the four chart types used across tabs

LINE CHART — GRID, AXES, MULTI-SERIES

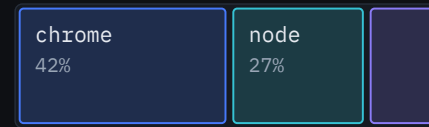

SPARKLINE

STACKED AREA

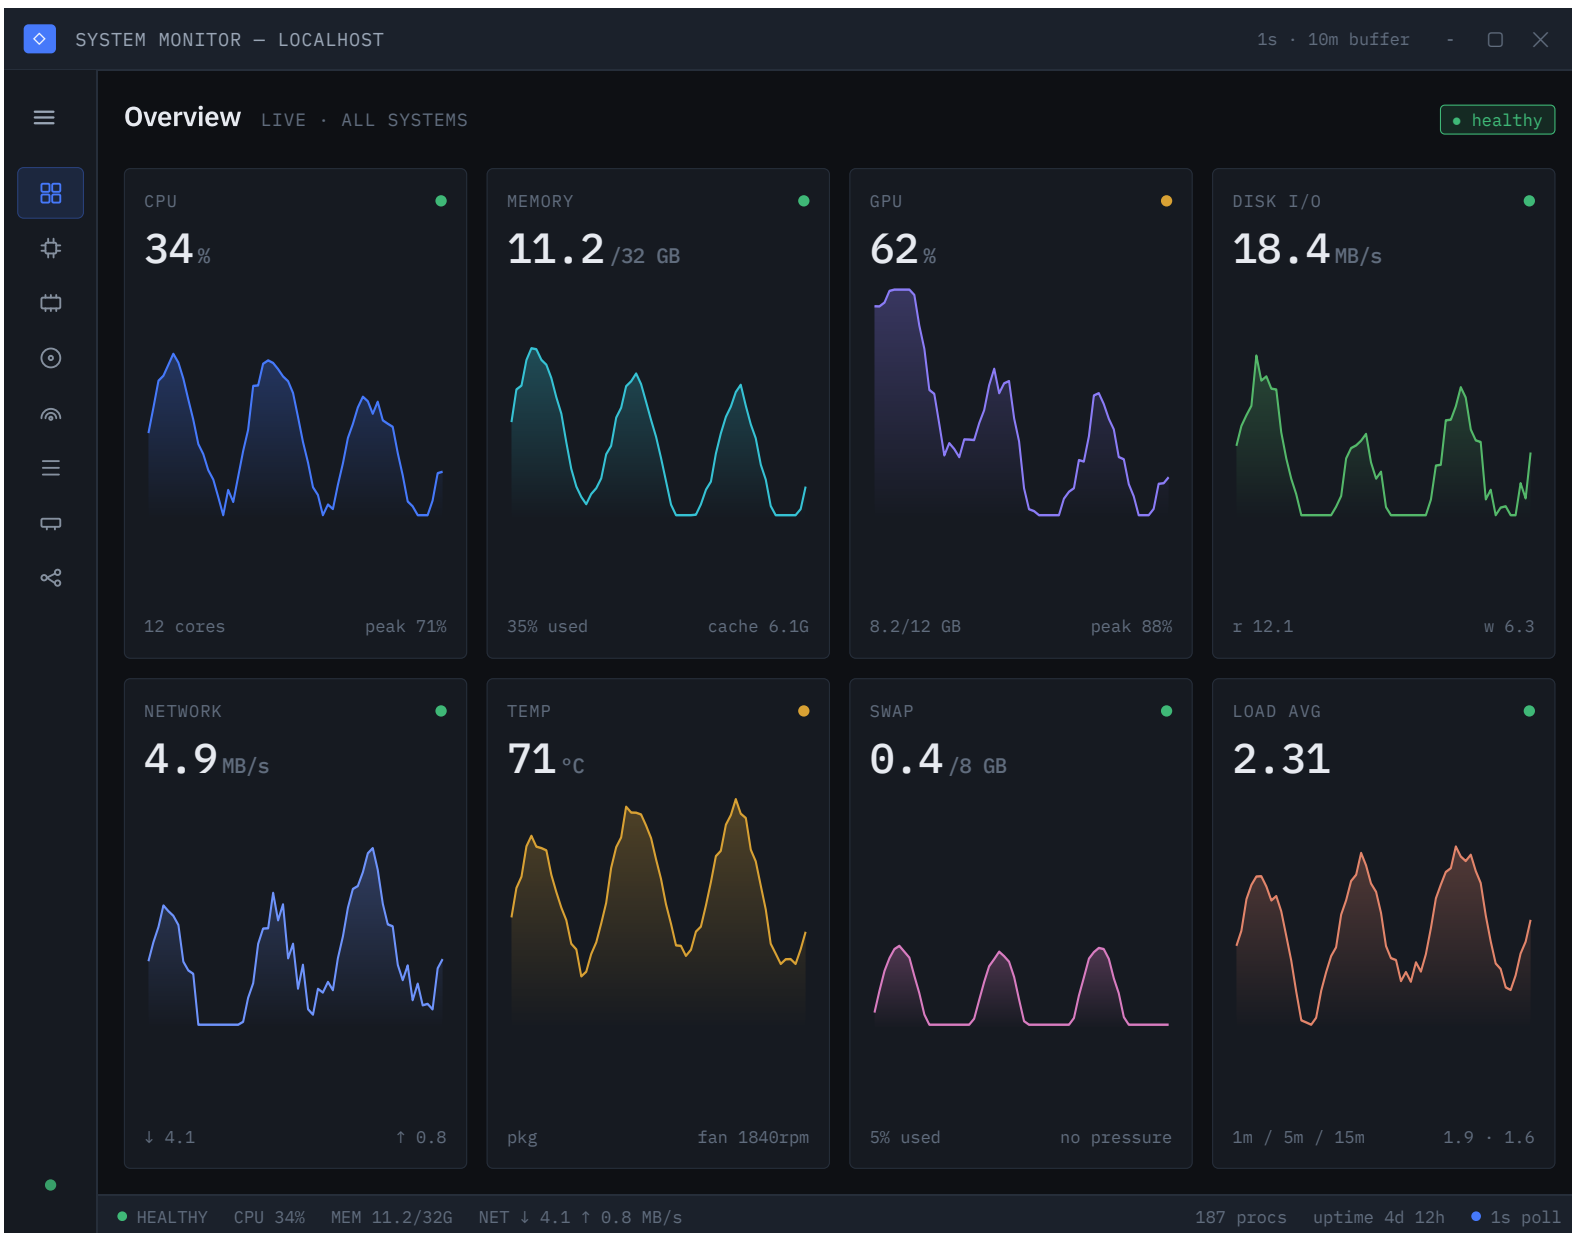

TREEMAP CELL

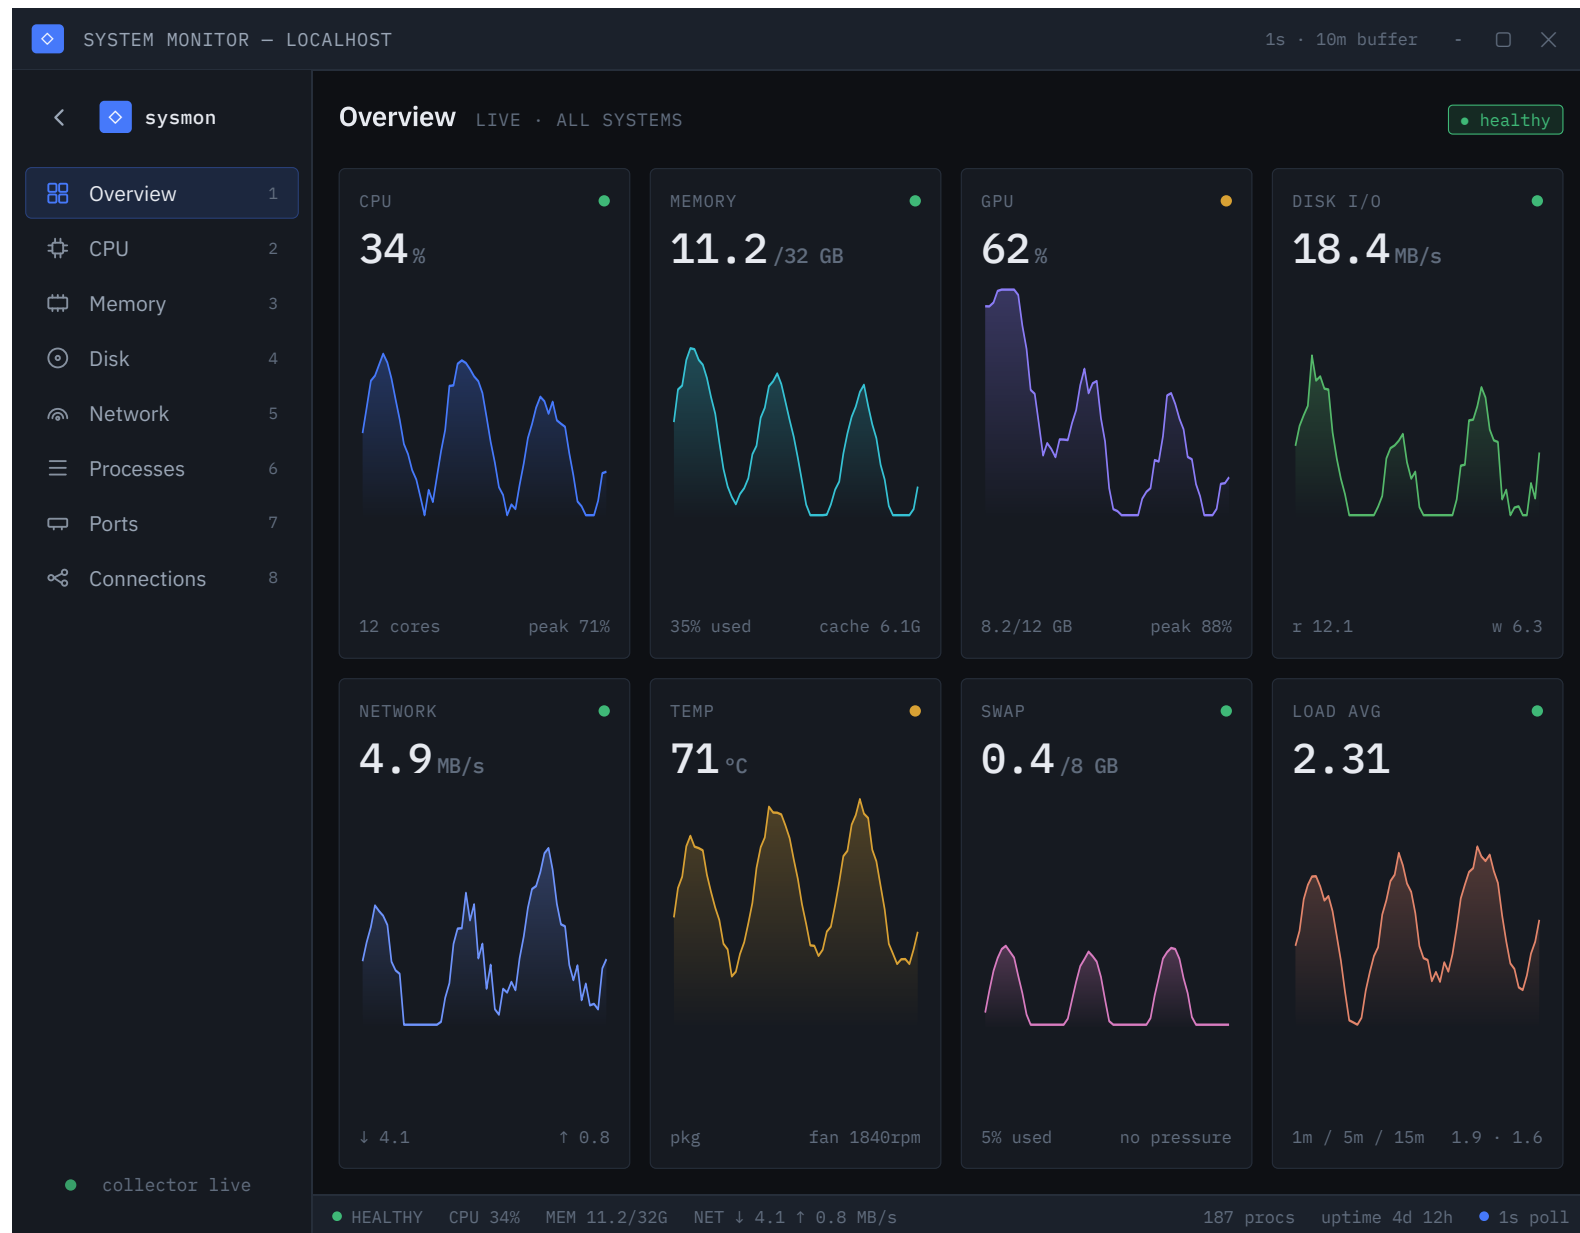

CONVENTIONS

- Horizontal gridlines #262e3a; vertical #1b212b (quieter).
- Primary/overall line 2.2px solid; secondary series 1px at 55% opacity.
- Area & sparkline fills are a 30%→0% vertical gradient — never flat.
- Treemap: squarified, 2px gutter, fills at 20% α + 1px stroke at full hue.
- Axis ticks muted mono 9px; time runs left (-10m) → right (now).
